

**B.A.,
POLITICAL SCIENCE**

SYLLABUS

**FROM THE ACADEMIC YEAR
2023 - 2024**

**PERIYAR UNIVERSITY,
SALEM - 636 011.**

Introduction

The Political Science as a discipline is one of the most sought after courses among the students who are interested in finding a career through competitive examinations to different jobs offered by both the Central government and the state governments. The new Curriculum provides student-friendly and learner-centric methods that meet the demands of Industry and society by incorporating industrial components, hands-on training, skill enhancement modules, industrial projects, a project with viva –voce, and exposure to entrepreneurial skills. In addition, the Curriculum prepares students for competitive examinations by sustaining the quality of the core components and incorporating application-oriented content wherever required. The core subjects include the latest developments in education in Political Science and its sphere of influence on the national and global arena.

Optimum utilisation of the three-year duration of the programme is effectively ensured for the benefit of the student's community through the innovative inclusions at the end of each academic year. The Curriculum is designed to strengthen the Industry – academic interface and provide more job opportunities for students.

Duration of Programme: Six semesters (Three Years) Programme

Structure

The syllabi for B.A. Political Science is drafted based on the UGC guidelines for Learning Outcomes based Curriculum Framework (LOCF) approach to equip the students with knowledge, skill, values and attitude.

The Programme structure includes

- a. **Core Courses:** A core course is a compulsory paper to be studied by all the students to complete the requirements for the undergraduate degree.
- b. **Discipline Specific Elective (DSEs):** The Discipline Specific Electives courses include a particular discipline (single discipline programme of study) or those disciplines (a multidisciplinary programme of study), as the case may be, which a student chooses to study from their particular domain. The Discipline Specific Electives courses carry 4 credits.
- c. **Generic Elective (GE) –** The Generic Electives courses provide multidisciplinary or interdisciplinary education to students. GE's shall consist of courses offered by various disciplines of study (excluding the GEs offered by the Department of Political Science) in groups of odd and even semesters, from which a student can choose. The Generic Electives courses carry 4 credits.
- d. **Ability Enhancement course (AEC), Skill Enhancement Course (SEC) & Value Addition Course (VAC)-** All the Departments offer these three courses during the odd and even semesters. A student who desires to write

an Academic Project or Entrepreneurship has to pick the appropriate combination of classes, including GE, SEC, VAC, & Internship/Apprenticeship/Project/Community (IAPC). This component carries 2 credits.

PROGRAMME OUTCOMES (POs) of B.A degree Programme in Political Science:

The overall objectives of the Learning Outcome –based Curriculum Framework (LOCF) for Political Science degree are:

- Provide students with learning experiences that develop broad knowledge and understanding of the key concepts in Political Science.
- Equip them with advanced knowledge and understanding for analyzing Rights and duties for citizens, public policy analysis and understanding the bilateral relations among nations.
- Nurture ability among students to apply the acquired knowledge and skills to find solutions to specific problems in the nation state.
- Develop abilities in students to come up with innovative prescriptions/solutions for the benefit of the society by diligence, leadership, teamwork and lifelong learning.
- Provide students with skills that enable them to be employable in both governmental sectors private sectors including entrepreneurship skills.

PO1: Disciplinary Knowledge: Capable of demonstrating comprehensive knowledge and understanding of one or more disciplines that form a part of an undergraduate programme of study.

PO2: Critical Thinking: Capability to apply analytic thought to a body of knowledge; analyse and evaluate evidence, arguments, claims, and beliefs on the basis of empirical evidence; identify relevant assumptions or implications; formulate coherent arguments; critically evaluate practices, policies and theories by following a scientific approach to knowledge development. Critical sensibility to lived experiences, self-awareness, and reflexivity of self and society.

PO3: Problem Solving: Capacity to extrapolate from what one has learned and apply competencies to solve different kinds of non-familiar problems, rather than replicate curriculum content knowledge and apply one's learning to real-life situations.

PO4: Analytical Reasoning: Ability to evaluate the reliability and relevance of evidence; identify logical flaws and holes in the arguments of others; analyse and synthesise data from a variety of sources; draw valid conclusions and support them with evidence and examples, and address opposing viewpoints.

PO5: Communication Skills: Ability to express thoughts and ideas effectively in writing and orally; Communicate with others using appropriate media; confidently share one's views and express herself; demonstrate the ability to

listen carefully, read and write analytically, and present complex information in a clear and concise manner to different groups.

PO6: Specialization and Employability: Develop deeper understanding, creativity, originality, analytical and critical skills in chosen specialized areas of social science disciplines leading to employability.

PO7: Scientific and Research Skills: A sense of inquiry and capability for asking relevant/appropriate questions, problem-solving, synthesising and articulating; Ability to recognise cause-and-effect relationships, define problems, formulate hypotheses, test hypotheses, analyse, interpret and draw conclusions from data, establish hypotheses, predict cause-and-effect relationships; ability to plan, execute and report the results of an experiment or investigation.

PO8: Cooperation/Team Work: Ability to work effectively and respectfully with diverse teams; facilitate cooperative or coordinated effort on the part of a group and act together as a group or a team in the interests of a common cause and work efficiently as a member of a team.

PO9: Information/Digital Literacy: Capability to use ICT in a variety of learning situations; demonstrate the ability to access, evaluate, and use a variety of relevant information sources; and use appropriate software for analysis of data.

PO10: Multicultural Competence: Possess knowledge of the values and beliefs of multiple cultures, acquire a global perspective and the capability to effectively engage in a multicultural society and interact respectfully with diverse groups.

PO11: Moral and Ethical Awareness/Reasoning: Ability to embrace moral/ethical values in conducting one's life, formulate a position/argument about an ethical issue from multiple perspectives, and use ethical practices in all work. Capable of demonstrating the ability to identify ethical issues related to one's work; avoid unethical behaviour such as fabrication, falsification or misrepresentation of data or committing plagiarism, not adhering to intellectual property rights; appreciating environmental and sustainability issues; and adopting an objective, unbiased and truthful actions in all aspects of work.

PO12: Leadership Readiness/Qualities: Capability for mapping out the tasks of a team or an organisation, setting direction, formulating an inspiring vision, building a team who can help achieve the vision, motivating and inspiring team members to engage with that vision, and using management skills to guide people to the right destination, in a smooth and efficient way.

PROGRAMME SPECIFIC OUTCOMES (PSOs): -

PSO1 The students will be able to have an in depth understanding of theoretical and conceptual underpinnings of politics to examine political behaviour.

PSO2 The students will be able to develop the ability to comprehend and analyse political phenomena.

PSO3 The students will be able to comprehend and critically examine various institutions, issues, processes and challenges inherent in political system.

PSO4 Develop a range of generic skills helpful in employment, internships & societal activities.

PSO5 Get adequate exposure to global and local concerns that provides platform for further analysis into multi-dimensional aspects of Issues and concerns in Governance and International Relations.

Highlights of the revamped Curriculum

Student-friendly, learner-centric, meeting ² the demands of Industry and society, incorporating industrial components, hands-on training, skill enhancement modules, industrial projects, a project with viva –voce, exposure to entrepreneurial skills, training for competitive examinations, sustaining the quality of the core components and incorporating application-oriented content wherever required.

The core subjects include the latest developments in education in political science and its sphere of influence in the national and global arena.

Optimum utilisation of the three-year duration of the programme is effectively ensured for the benefit of the student's community through the innovative inclusions at the end of each academic year. The Curriculum is designed to strengthen the Industry – academic interface and provide more job opportunities for the students.

Generate self-employment, especially for women students

Discipline-centric skills will reflect the realities of life and tools to solve them
During the first-year vacation, Industry – academic training will be imparted, providing exposure to the students concerning social, political, economic, Industry, scientific and technological needs

We have introduced statistics tools to enable students to do research in political science
Internship during the summer vacation to gain valuable work experience creating connectivity in actual life situations and focusing on the career path

Presentation of internship report and evaluation of the same through viva – voce will enhance the conceptual knowledge of practical problems.

Overall this course provides scope for a multi-disciplinary, cross-disciplinary and inter-disciplinary Nature of study with the right mix of new and conventional subjects with the futuristic module of artificial intelligence in political economy.

Therefore, the outcome of the revamped holistic Curriculum is of international standard, socially responsible, industrial readiness and grilled with technical know-how. Hence, after completing the course through the higher educational institutions in Tamil Nadu, the Political Science graduates will emerge as well informed, sensible and responsible citizens.

Non-Elective Courses

The Non-Major Electives are offered in the second semester to help each citizen understand their rights and duties.

The Non-Major Electives are offered in the fifth semester and to non-political science students. It provides exposure to IT-based applications in government decision-making and enables access to schemes/benefits given by the government.

Elective Courses

1. Electives offered in the fifth and sixth semesters provide an understanding of various facets of the discipline and gain academic and professional expertise. It also moulds the students for a greater understanding of this discipline.
2. This curriculum design accommodates all categories of learners in „political science for the future citizens“, promoting his competency to apply for various jobs.
3. Training for all competitive examinations conducted by state and national governments.

VALUE ADDITION IN REVAMPED CURRICULUM

Newly introduced components	Outcomes / Benefits
In the first semester, the students are introduced to Nature and scope of Political Science	Instill confidence among students and create interest in the subject
It provides an overview of the subject and how politics is essential for making a good citizen.	Create interest in the subject
Industry ready graduates	Skilled human resources
Students are equipped with essential skills to make them employable	Communication skills
Training on computational skills to gain knowledge and gain exposure to emerging political trends	Computation skills
Enable students to gain internships, fieldwork, involved data collection and other analytical skills	Data Analysis
Psephological studies that are part of electoral studies will help students hone entrepreneur skills.	Entrepreneur skills

Value additions in the Revamped Curriculum:

Semester	Newly introduced Components	Outcome / Benefits
I	<p>Foundation Course To ease the transition of learning from higher secondary to higher education, providing an overview of the pedagogy of learning Literature and analysing the world through the literary lens gives rise to a new perspective.</p>	<ul style="list-style-type: none"> ➤ Instill confidence among students ➤ Create interest for the subject
I, II, III, IV	<p>Skill Enhancement papers (Discipline centric / Generic / Entrepreneurial)</p>	<ul style="list-style-type: none"> ➤ Industry ready graduates ➤ Skilled human resource ➤ Students are equipped with essential skills to make them employable <hr/> <ul style="list-style-type: none"> ➤ Training on language and communication skills enable the students gain knowledge and exposure in the competitive world. <hr/> <ul style="list-style-type: none"> ➤ Discipline centric skill will improve the Technical knowhow of solving real life problems.
III, IV, V & VI	<p>Elective papers</p>	<ul style="list-style-type: none"> ➤ Strengthening the domain knowledge ➤ Introducing the stakeholders to the State-of Art techniques from the streams of multi-disciplinary, cross disciplinary and inter disciplinary nature ➤ Emerging topics in higher education/ industry/ communication network / health sector etc. are introduced with hands-on-training.

IV	Elective Papers	<ul style="list-style-type: none"> ➤ Exposure to industry moulds students into solution providers ➤ Generates Industry ready graduates ➤ Employment opportunities enhanced
V Semester	Elective papers	<ul style="list-style-type: none"> ➤ Self-learning is enhanced ➤ Application of the concept to real situation is conceived resulting in tangible outcome
VI Semester	Elective papers	<ul style="list-style-type: none"> ➤ Enriches the study beyond the course. ➤ Developing a research framework and presenting their independent and intellectual ideas effectively.
Extra Credits: For Advanced Learners / Honors degree		<ul style="list-style-type: none"> ➤ To cater to the needs of peer learners / research aspirants
Skills acquired from the Courses		Knowledge, Problem Solving, Analytical ability, Professional Competency, Professional Communication and Transferrable Skill
